At countryside events, we only hold a limited number of weddings a year. Making the beautiful surroundings a more personal, unique place to be. This does mean that dates are snapped up quite quickly, especially once couples come to see the venue in person!

We include our professional pay bar service within the hire cost- which includes the bar unit, fully stocked with experienced staff, which we can tailor to your preferences. If this is something, you do not require- please see our terms and conditions.

All Marquee/Tipi and Catering and outside suppliers are sourced by you. We like our couples to have their own choice. Every event here is tailor made to the individuals and we will not re-strict you to a pre-set supplier list, although we will happily recommend a few we have worked with in the past.

We have a variety of guest accommodation available to hire.

Including x2, two bedroom luxury apartments on the farm and up to 6 bell tents available for glamping.

From strawbale seating, small marquees, firepits and outdoor games to lighting and bunting- we've got the finishing touches available to hire at the venue.

Fireworks are permitted at our venue if set off before 10pm. These need to be set off by a professional company.
